Our hand-rolled, pure beeswax taper candles are lovingly crafted from top quality, organic beeswax and includes a sweet honeybee candle pin.

These produce a lovely natural, honey aroma with a bright, consistent flame.

Our wicks are organic cotton and self-curling.

NATURAL & NON-TOXIC: Beeswax is the only known wax that can release negative ions that attach themselves to the toxins in our air. Making them ideal for purifying and leaving the air around us cleaner which is great for use around children, people with allergies, chemical sensitivities and asthma.

Burning beeswax produces negative ions that don't cover up odors but **actually clean your air of odors, pollens, smoke, dust, dust mites, and other allergens and hazards.** This is the **ONLY** wax with this magical quality.

Pair of 2 tapers have an approximate burn-time of 12-13 hours each.

Natural Cotton braid wick.
